what does democracy sound like when it s shouted through a distortion pedal in 1975 spain emerged from the long shadow of franco s dictatorship stumbling toward democracy amid uncertainty unrest and unhealed wounds in the same moment a raw raucous and radically irreverent cultural force exploded onto the scene punk spanish punk screaming for democracy in a postdictatorial state is the first in depth study to trace the uniquely political trajectory of punk in post franco spain far from just a musical genre spanish

punk became a rebellious cultural matrix a defiant diy response to the contradictions of a state trying to reinvent itself through fanzines lyrics testimonies and subcultural style punks posed urgent questions what kind of democracy was being built who was being left out and how do you scream dissent in a newly free society blending historical philosophical musicological and textual analysis this book shows how punk served as both a glue for oppositional movements and a generator of alternative political identities it s a long overdue exploration of how cultural resistance helped shape a generation s answer to dictatorship and its uneasy aftermath

this book provides an overview of the progress in spanish tourism geography particularly after the overlay of financial pandemic and climate crisis by the scrutiny of the different geographical areas and variables of analysis it shows the diversity of geographical environments and their varied relationship with tourism from the emptied inland regions to urban heritage in historic centres to coastal resorts the book also introduces the analysis of the most important variables when studying the implications of spanish tourist specialization how are the beaches with intensive tourist use managed what socio spatial processes do leisure rooted migrations involve what are the labour conditions in the spanish tourism industry how does saving water boost tourism growth the book offers answers through a methodological specificity of spanish geography which is highly oriented towards the analysis of public policies and even the proposal of new planning and methodology formulas that go beyond diagnostic studies the domestic perspective or that of insiders of these scientists residing in spain bestows them with special codes for conducting interpretations and analyses based on their everyday proximity to a territory characterised by its intense touristification the tourism and real estate specialisation that spanish society together with its territory and institutions have forged since the beginning of developmentalism permeates this scientific analysis by providing a strong conceptual and empirical portrait this book is a great resource for students and scholars in geography of tourism as well as for social scientists and policy makers

the main aim of this book is to contribute to our understanding of the acquisition of second language intonation by comparing czech learners of spanish with german learners of spanish and czech learners of italian by means of a large production database the study seeks to uncover how l1 to l2 intonational transfer works and what role prosodic dis similarities between languages play contrary to most previous research the work presents an original multidirectional cross linguistic comparison and examines different types of sentence such as neutral and non neutral statements yes no questions wh questions exclamatives and vocatives the findings reveal positive and negative transfer from l1 to l2 and the formation of mixed patterns as well as native like patterns which are mainly constrained by linguistic factors such as the type of sentence and the position of the tonal event in the utterance the results are discussed within mennen s 2015 l2 intonation learning theory and lead to the formulation of a developmental l2 intonation hypothesis that makes several generalizations to characterize interlanguage intonation this volume not only represents a step forward in the study of the acquisition of l2 intonation in general but also offers valuable findings that can be directly or indirectly applied in the classroom and will hopefully inspire further research

this book is a compilation of articles on different aspects of spanish grammar in the areas of current theoretical syntax and

semantics the issue brings together scholars working on some formal aspects of spanish predicative complementation e g dequeísmo neuter demonstrative pronouns the subject of psych verbs the nature of non verbal predication and the internal structure of the determiner phrase dp cf gender variation among other topics linguists and philologists with interests in spanish and or in other romance languages are the main target audience the book will appeal also to researchers and students specializing in generative grammar semantics and in the syntax semantics interface it will also be of interest to historical linguists and dialectologists addressing theoretical formal issues cf afro bolivian spanish the research in this book points to a cohesiveness in spanish linguistics that lies in the integration of up to date empirically based linguistic research with current theoretical assumptions on the nature of syntax and semantics

in the 1950s and 1960s spain underwent one of the most rapid processes of economic development the world had ever seen most existing analyses of this process explain the spanish miracle as a product of the unleashing of market forces and of changes in economic policy made by the franco regime in the 1950s political economy of the spanish miracle provides an alternative explanation of spanish economic development analyzing the miracle from an interdisciplinary political economy perspective that treats capitalist growth as a complex and dynamic interaction between capitalists workers and the state the spanish miracle is linked to changes in spanish society produced by the spanish civil war to the class structure of the regime brought to power by that civil war and to the interaction between domestic social struggles under the franco regime and spain s insertion into the international political economy of the cold war capitalist world ambitious in scope political economy of the spanish miracle both revises conventional understandings of spanish economic growth and situates spain within comparative discussions of development in the twentieth century this book will be of great interest to readers in political economy economic sociology historical sociology and spanish and european history more broadly
